KAUAI MAY GET OWN WIRELESS

Rumor to Effect That an Independent Station be Built—Kauai Telephonic Co. May Take a Hand.

Whether the Kauai Planters are jointly, collectively or individually responsible for the rumor that Kauai is to have an independent wireless system, no one seems to know, but this much is known, however, that on January first, the Kauai Planters will discontinue their support to the present company in so far as a monthly stipend for the "daily news" is concerned. To a reporter, Manager Balch expressed himself as in darkness as to any reason the planters might have for taking such a stand, and added that the "press" would also be cut out, unless it wished to come through with fifty dollars per month for wireless privileges. Now as the "press," in this instance, means "us," we feel it incumbent upon "us" to tell where we stand. The cutting out process could be applied without a ripple, but whoever heard of an editor having fifty dollars (during his life time) much less each month.

We appreciate the advantages which the wireless affords, but the class of news which is dealt out to the Kauai press daily, if published in detail, would make suitable matter for a comic supplement. As an illustration, yesterday's wireless contained the wonderful statement that "Teddy says he won't support Taft or any other candidate, that he will not be a candidate himself." How interesting this is to Kauai! This sort of slush is dished up to the Hawaii and Maui papers in four column doses, sometimes seven days old, but this is Kauai, and a search through the columns of Kauai's paper, will fail to reveal any very large amount of space devoted to "wireless news." We are aiming at a strictly local news disseminator and are not the least dependent upon the present wireless system only as a space-filler.

As to the possibility of an independent wireless plant, the suggestion seems to be an excellent one. The present local Telephone Co., for instance is in a position to construct such a plant, as the grounds in the rear of the central office would afford ample room for the mast. Another advantage this Co., would have over others would be that it would have its exclusive telephone service over which to transmit its messages.

The present Wireless Co., is said, to realize from two to three hundred dollars per month from Kauai business. With the expense of erecting the station and the salary of an operator, this income would offer sufficient inducement to cause investors to give the suggestion of an all Kauai Wireless Station, more than passing consideration.

Grove Farm Tries Concrete Fence-posts

Grove Farm has set the worthy example which will doubtless be largely followed of using re-inforced concrete fence posts. They are about 4 in. square with a slight taper which gives them a very comely aspect. The wires are attached by a very simple yet ingenious fastening devised by Mr. E. W. Broadbent. The result is a very neat and very durable fence the cost of which is very little greater than that of the ordinary wire fence.

HELP THE BAND-- ITS YOUR DUTY!

Every Citizen Should Show His or Her Appreciation of Our Local Band With a generous contribution.

The Lihue Band has issued its annual invitations to our citizens, soliciting donations towards the support of the band.

It is the duty of every citizen to contribute his mite towards aiding this splendid organization. Like everything else on Kauai, our band takes second place to none in the territory. From a very wee beginning, the band, through the generosity of our citizens and untiring efforts of the members of the band, has grown to its present importance. The appreciation of our band is largely portrayed in the beautiful band stand, a piece of architecture far surpassing anything of the kind in the Territory. Further appreciation is shown in the purchase of a set of new instruments a few months ago, at a cost of nearly thirteen hundred dollars, the amount being furnished by volunteer contributions.

Let us be as generous, if not even more so on this occasion than any in the past. Let us show the band boys that we appreciate them and are more than willing to contribute to the maintenance of our band. If we cannot give a large amount, let us give all we can. If you have received the formal notice, take stock of your cash on hand, and see just how much you can spare, then see how quickly you can spare it.

A NEW HOME FOR WIRELESS

Will Occupy Situation Directly Above The Lihue Mill--To be Completed by First of March.

J. Balch, vice-president and treasurer of the Mutual Telephone Co., and manager of the wireless department, returned to Honolulu Saturday, having completed arrangements for the removal of the wireless station to new quarters. Mr. Balch stated that the Co. had secured a location back of the Lihue Mill, and would take immediate steps towards moving.

However, as the material for a new mast and the necessary machinery must come from the coast, Mr. Balch expressed some doubt as to getting permanently settled in the new home under three or four months. An electric outfit whereby the current can be gotten from the future power plant, will be installed, tho' at first he expects to install gasoline power, which will be used as an auxiliary in case of trouble with the electrical current.

QUARANTINE IS ANCIENT HISTORY

Fruit Fly Proving Bigger Menace Than at First Thought--Bananas and Pines Only, Are Free.

(Special to the Garden Island)
WAIMEA, Nov. 27.—A wireless from Board of Health officials of Honolulu Saturday to those in charge of the diptheria situation here and in Hanalei, authorized the raising of the quarantine regulations which have existed in the two places for nearly a month. The teachers who were under quarantine, returned to their work this morning, as did the various children who had been under quarantine.

The Fruit Fly Is Now Big Menace

The fruit fly is now thought to be far more menacing than was supposed at first. It is reported from authentic sources, that only bananas and pineapples are free from its attack.

C. E. HOLDS A SPECIAL SERVICE

Pretty and Very Interesting Thanksgiving Program Enacted by The Intermediate C. E. Members.

A special program of the Intermediate C. E. which was based on Thanksgiving motives, with the accomodation of thirty little children who were anxious to hear the thanksgiving stories of turkeys and pumpkin pie, was very successfully carried out at the regular C. E. meeting last Sunday morning in the Lihue Union Church at 11 o'clock under the auspices of the president and the chairman of the prayer committee of the Society. With A. G. Kaulukou presiding as chairman and H. W. Waiau as secretary, pro tem, the program was carried out in a manner of interest every one, especially the youngsters.

A thanksgiving song was sung from the Jubilant Praise, page 99 in unison. Then a thanksgiving prayer followed, rendered by H. W. Waiau, Miss Maria Ellis and A. G. Kaulukou. A special song "Crowning the Blessings" was

pleasingly rendered by a quartet composed of Misses Daisy Sheldon, Maria Ellis, H. W. Waiau and A. G. Kaulukou. The twenty-third Psalm was read in unison and was followed by the leader's opening remarks on the subject: "Echoes of Peace and Blessing." Then a three minute's talk, "Thanksgiving Stories" was given by A. G. Kaulukou and so well illustrated that the attention of the little ones was keenly drawn to his point of view. A song was sung with two brief thanksgiving prayers by H. W. Waiau and A. G. Kaulukou between the two stanzas of "God be with you till we meet again." Mr. A. G. Kaulukou announced that the yearly Thanksgiving Service will be held at the Lihue Union Church on Thursday morning at which all are respectfully invited to come. The meeting was closed with the C. E. Benediction "The Lord will watch between you and me while we are absent one from another."

Mrs. A. S. Wilcox

The poi luncheon given by Mrs. A. S. Wilcox Friday afternoon from one to four o'clock, in honor of Mrs. Fairchild who left for Germany Saturday, was another occasion of delight to the guests of this extremely popular entertainer.

A table extending the entire length of the recently enlarged lanai could not have been prettier, covers being laid thereon for thirty-two. An artistic and generous distribution of maiden hair ferns and African daisies, the former dangling from baskets over each end and center of the table, while the latter were arranged in artistic bouquets which occupied conspicuous places of vantage. A magnificent American flag, partly screened from view by numerous potted ferns and an immense

GRAND JURY INDICTS JAPS

Reserves Plea and Are Bound Over To March Term—C. A. Doyle And Sheriff Rice Did Excellent Work.

The Grand Jury in special session last Wednesday and Thursday brought in true bills against the five Japanese who had been arrested, charged with being accomplices in the recent Kekaha riot. All fourteen prisoners were arraigned before Judge Hardy for hearing on Saturday morning. Judge Davis and J. H. Coney appeared for defendants, who reserved plea until the March term of the circuit court.

Sheriff W. H. Rice and Chester have been very successful in running down those who participated in the cowardly attack which resulted in murder, and the effects of their efficient work will do much towards discouraging further outbreaks of this nature.

Mr. and Mrs. Robertson left last week for the coast. Mr. Robertson goes East to investigate land clearing machinery for the McBryde plantation.

Mr. and Mrs. Hundley and Miss Bernice, were in the County Seat Wednesday.

Hawaiian flag arranged in the same manner, at the east end, furnished beautiful bits of background, while pretty clusters of mandarin oranges hung from walls and supports. The decorations were the work of Mrs. Wm. Stewart and Miss Kani Wilcox.

The guests arrived promptly at one o'clock and were received by Mrs. A. S. Wilcox. At four o'clock the bridge tables were sought, and at the close of an hour's contest, Mrs. Baldwin and Mrs. C. A. Rice were tied for first prize, while Mrs. Coney drew second and Miss Margaret Waterhouse, the third. The tie between Mrs. Rice and Mrs. Baldwin was decided by awarding two first prizes.

Homer Lydgate Party

Friday afternoon from one to six o'clock, master Homer Lydgate entertained twenty-one of his little friends in honor of his ninth birthday anniversary. An abundance of refreshments including everything delightful to a juvenile appetite was spread, and the afternoon was so full of rollicking juvenile sports that when time came for the guests to take their leave many were the regrets that time had passed so quickly. Master Homer was the recipient of many beautiful tokens of fond remembrances.
